B-W Yacht Club Wins Good Will Regatta

Observations...

By UDELL

It is with regret that the parishioners of Our Lady of the Gulf and its friends in the community have learned of the departure of Rev. Father Edward P. Desmond next week. Father Desmond will leave Tuesday for his new assignment in Vicksburg at Mercy Hospital. Father Desmond has served here for the past six years.

Approximately 50 men from the Holy Name Society of Our Lady of the Gulf attended the Holy Name rally held in honor of the Most Rev. Joseph Francis Rummel, Archbishop of New Orleans, Sunday. The Archbishop, who spoke before 20,000 Holy Name members and other Catholics gathered at City Park Stadium for the annual Holy Hour and rally held in his honor this year, voiced the hope that the rally will give rise to a new Christian life and encourage the faithful to dedicate their lives to God. Archbishop Rummel also expressed the hope that the anniversary in the priesthood would bring attention to the fact that there are things to live for far beyond the material and earthly concepts of human life and destiny.

Monday and Tuesday, October 13 and 14, the Hancock County Administration of Hancock County will hold a county-wide meeting at Kiln Vocational High school starting at 8:30 p. m. The purpose of this meeting is to train community PMA committee members to successfully conduct farm contacts for 1953 ACP. W. T. Johnson, district fieldman, PMA and H. A. Bernhard, district conservationist for SCS, will be present to direct this training. Three farms will be visited. One belonging to H. C. Vogues or Herbert Brown, with a definite farm plan; another where some conservation work has been done, but nothing definite; Virgil Stockstill's; and one belonging to S. P. Powell where no conservation work has been done.

Have you purchased your ticket yet for the St. Joseph Academy Mothers' Club's spaghetti supper to be held at the K. C. hall October 29? Get yours now for a treat.

Renovation on the former creamery building located on Ne-casse avenue is near completion. It will house the offices of the County Agent, P. M. A., Soil Conservation, FHA and County Welfare Department. This is quite an improvement over the building that was just standing there idle and going to wreck. The various departments expect to move within the next two weeks.

Mr. John Smith, do you think that before the new bridge is completed you will be able to put a white line down the center of the present span. It will insure the traveler of a little rest or safety on this decrepit structure.

Mrs. Mabel Green Named Welcome Wagon Hostess

Mrs. Mabel Green has returned from Memphis, Tenn., where she completed a course of instruction preparing her to represent Welcome Wagon, Inc., as hostess in this city. She is replacing Mrs. Elsie M. Grant the former hostess who resigned because of illness.

This is a new version of old fashioned hospitality and good will extended to newcomers to the town, to mothers of new babies and to girls on their sixteenth birthday, newly engaged girls, families moving from one home to another within the community.

Wherever the Welcome Wagon hostess goes she advertises the outstanding features of the local sponsor who are these wide-awake merchants - The Sea Coast Echo, Fahey's Drug Store, Hotel Echo, Mauffray's Hardware Store, Mon-don, d'Beneditto's Radio Service, Gulf Chevrolet Company, Kern's 5 & 10e Store, and W. McDonald & Sons and Wilmer's Grocery.

Taking a first and third in the Fish class race in the annual Good Will Invitational Regatta, the Bay-Waveland Yacht Club won the Event Sunday afternoon at the Southern Yacht Club.

The regatta brings the four clubs on the Mississippi Gulf Coast together, with the SYC acting as host to show appreciation for the regatta which the club clubs put on during the regular Gulf Yachting Association's season.

The Bay-Waveland skippers piled up 29 1/2 points to capture the affair for the second straight year. Pass Christian was second with 26 3/4, while Biloxi was tied with 21 and Gulfport brought up the rear with 18.

Despite the fact that the PCYC won three of the five races sailed in five different classes, Bay-Waveland slipped past to take home first place honors.

The type of craft used in the regatta were Fish L-16s, Gulf One Designs and Penguins.

The Luder class race was won by Parnell McKay of Pass Christian, skippering Lorelei. He won by 1:19 over Biloxi's representative Mary Rose Elendradh, who sailed Hot Toddy.

John G. Curren just about ran away with the race for the Gulf Ones. He finished 3:21 ahead of Henry Chapman of Bay-Waveland, sailing Eastwind. Curren, manning the tiller on Southwind, was sailing under Pass Christian's burgee.

In the closest race of the day Bay-Waveland clinched the victory when Louis Koerner slipped over the finish line 13 seconds ahead of Biloxi's George Burton and Jack Gordon. Koerner's running mate, came in third to give the Bay the regatta.

Carol Gordon skippered Mystery to victory in the Lightning class event. The Bay-Waveland skipperette finished 1:56 in front of Harry Schmidt Jr., of Biloxi, at the helm of Gigolet.

Gene Wallitt 111 and Johnny Marsh, representing Pass Christian, came in first and second, respectively, in the Penguin class race. Wallitt, sailing Skimmer finished 1:28 ahead of Marsh in Snidgen.

Local Baptists Honor Laymen

Laymen's Day will be observed in the First Baptist Church of Bay St. Louis Sunday, October 12, Rev. Schuyler Batson, pastor, announced.

On this day, observed annually throughout the Southern Baptist Convention, the men of the church will be recognized and given special places of service and responsibility. They will be in charge of the program Sunday morning, and Rev. Batson will deliver the message.

"The pastor will fill the pulpit and the laymen will fill the pew," is the slogan of "Laymen's Day," he said.

In most churches throughout the state, special activities will be held during the day in recognition of the men of the church.

Auto Dealers To Provide Voters Transportation

As a public service, Gulf Chevrolet, Ray Motors, Porter's Pontiac Service and Ben Hill Motors will offer transportation to the polls on that day, November 4, Mr. A. B. Tipping, Area Chairman for Mississippi Automobile Dealers Association announced.

New car dealers in almost every state in the country have organized to make a great non-partisan effort to turn out a record-breaking vote. Alarmed at the great decline in the voting record over a period of years, new car dealers believe that if citizens can get to the polls they'll vote and their vote of transportation is a practical approach to a great national problem.

Gulf Chevrolet, Ray Motors, Porter's Pontiac Service and Ben Hill Motors will make every car and all personnel available to telephone call to 424, 340, 35 or 106 is still all that is needed to arrange for transportation. Mr. Tipping urges every citizen in Bay St. Louis and Waveland to "Vote as you please, but VOTE!"

Trapping Oldest Industry, Speaker Tells Bay Rotary

"Trapping is one of the oldest industries known to mankind," Richard Heistand, member of the Pass Christian Rotary Club, told the local Rotary Wednesday.

"It has been a big factor in the advancement of people; no other industry has been the origin of such wealth as the fur industry."

In giving the history of the use of furs, Mr. Heistand emphasized the fact that women had a lot to do with the use and price of furs.

According to the information given by the speaker, Louisiana is one of the general fur-producing states in the United States; it has the greatest localized area of trapping. The largest amount of pelts over the years have come from Louisiana where trapping is a big business.

"In 1941," the speaker continued, "6,216,586 pelts were sold in Louisiana, and in 1947-48 season, over 11 million pelts were sold. In 1948 the number of pelts showed a drastic reduction. Louisiana is the greatest fur-producing state in the Union because of its thousands of acres of marsh land."

The speaker told of a new animal that has been introduced in Louisiana from South America, the neotoma. At one time, from \$23 to \$30 were paid per pelt; as a result of these high prices, they were almost exterminated in S. America. In 1937, Mr. Mackle-brown from Avery Island, La., brought 15 pairs from South America and fenced them in 200 acres of ground. In 1941 they escaped this area and started spreading westward. In 1951 78,428 neotoma pelts were sold out of Louisiana at a price of \$4.64 per pelt.

Mr. Heistand, the guest of Dr. James A. Evans, program chairman, showed the various traps that are sold.

SJA Alumnae Plans Homecoming

The St. Joseph Academy Alumnae Association will hold its annual homecoming day Sunday, October 19.

Plans have been made for a tour of the school for the early arrivals between 10:00 and 12:00 o'clock as several improvements have been made since last year's meeting. At 1:00 p. m., a plate luncheon will be served in the student's dining room.

Following the luncheon, at 2:00 p. m. a short meeting, with election of officers for the next two years, will be held; according to plans, the meeting should be adjourned by 3:00 p. m.

All members and former graduates who have not joined, but would like to do so, are asked to notify the secretary, Miss Rosemary Blaize, Box 341, Bay St. Louis, if they plan to attend. Preparations must be made in advance.

TB Association Names Officers

The new officers of the Hancock County Tuberculosis Association are: Miss Stella A. Gex, president; Mrs. S. R. Cannine, vice-president and secretary.

Other persons who will take an active part in this year's Christmas Seal Sale include all volunteers.

The Hancock County Tuberculosis Association has already started working out the details for the forthcoming 1952 Christmas Seal Campaign. This year will mark the 48th Annual Christmas Seal Sale which has been conducted in the United States.

KC's To Attend Jackson Initiation

The exemplification of the Fourth Degree, Knights of Columbus, to be held Sunday, October 12, 1952, at the Robert E. Lee Hotel, Jackson, Mississippi, will be under the direction of Timothy C. Hogan of Memphis, Tennessee, Master of the Fourth Degree in the Tennessee District.

The proceedings, prior to the exemplification, will begin with the assemblage and registration of the candidates and members in the Knights of Columbus Hall on the corner of Lamar and Amite streets at 9 A. M. Sunday, October 12, 1952. Following this, the procession of the candidates and members will take place at 9:30 a. m. leaving the Knights of Columbus Hall and proceeding south on Lamar Street to Capitol street, then east on Capitol Street to N. North street then north on West Street to S. Peer's Catholic church, where the candidates and members will attend 10 o'clock Mass.

Entertainment will be provided for the wives and daughters of the candidates and members at the Knights of Columbus Hall throughout the day.

Local Auto Men To Attend Meet

More than 500 new car dealers from all parts of the state, including several from Bay St. Louis will attend the 11th annual convention of the Mississippi Automobile Dealers Association to be held at the Buena Vista Hotel in Biloxi on October 12-13-14.

Outstanding speakers from the automobile world will address the three-day session. They include Charles J. Farrington of Washington, D. C., Assistant to the President of the National Automobile Dealers Association; Bud Darlington of Washington, D. C., Vice Director of the Interstate Highway Safety Committee, and Dr. Roe Bartle of Kansas City, noted inspirational speaker.

An elaborate program of entertainment will include a buffet and musicale on October 12, Mardi Gras entertainment and Seafood Jamboree on October 13 and banquet on October 14 with bingo party, style show and luncheon for the ladies. A golf tournament is also planned for the men.

J. J. Harney of Gulfport, is President of the Association which is rated as one of the largest trade groups in Mississippi. Other officers are: V. M. Box, Corinth, Vice-President; C. H. Hawkins, Kosciusko, Vice-President; A. B. Martin, Laurel, Vice-President; Robert Wise, Hazlehurst, Secretary-Treasurer; L. F. Polvers Hamrick, Greenwood, National Director and George Lemon Sugg, Jackson, Manager.

Attending from Bay St. Louis will be A. B. Tipping, Gulf Chevrolet Co.; P. E. Porter Sr., Porter's Pontiac Service; Fred Peranich, Bay Motors and Ben Hill, Hill Motors Co.

Band Auxiliary Elects '52 Officers

The St. Stanislaus Band Auxiliary, which was organized to lend financial assistance to the music department and to foster music appreciation in the community, met Wednesday night and elected officers.

Composed of mothers of band members, the group elected Mrs. Joseph Kern, president; Mrs. Ivan Bradford, vice-president; Mrs. Arthur Chapman, secretary; Mrs. Lucien Gex, treasurer; Mrs. O. W. Delph, publicity; and Brother Martial, band director, adviser.

Three concerts have been planned for the year to promote interest among band members and for the entertainment of the public.

Pfc. Bertrand A. Ladner, son of Mayor and Mrs. Garfield Ladner of Waveland, was wounded in action in Korea September 29.

Mayor and Mrs. Ladner received word from the commander Saturday, October 4.

He is 19 years of age.

Entertain Fliers At Airport Sunday

Bay St. Louis was host on Sunday, October 5, 1952, to a group of fliers from Montgomery, Alabama, Bogalusa, Picayune and Jackson. A total of 32 persons in 18 planes put down on the Bay St. Louis-Hancock County airport between 8 and 9 a. m., Sunday.

After breakfast at Hotel Reed the groups were served boiled shrimp at the end of the seaway. Everyone was high in praise of the local airstrip and equally enthusiastic of their reception to the community. This was the Second air tour to visit Bay St. Louis since the completion of the airstrip.

Taking part in the tour were William Hobbie, Charles Pierson, Billy Kirkland, Jimmy Tatum, Mr. and Mrs. C. F. Halstead, Charles W. Smith, R. P. Green, Mr. and Mrs. W. L. Lewis, E. O. Williams, Lloyd W. Julian, J. E. Haynes, all of Montgomery, Alabama; Joe W. Reid, Mr. and Mrs. Hugh Griffin, Howard Simpson, Edwin Miller, Fred Miller, all of Jackson, Miss.; Mr. and Mrs. H. C. Norman, all of Bogalusa, La.; M. D. Tipton, Marion W. Corkern, R. S. Evans, Mrs. Mary Kathryn Evans, I. K. Corkern Jr., Dennis Welch, all of Bogalusa, La.; Ole Fahlén and Billy H. Alexander, Picayune, Miss.; and R. L. Welch of Charleston, South Carolina.

Airport Manager Jack Seuzenneau was in charge of greeting the visitors upon their arrival and of their entertainment during their four-hour stay. He was assisted by Mrs. Jack Seuzenneau, George Seuzenneau Jr., Henry Capdepont Jr., Howard LeTissier, representing the Hancock County Chamber of Commerce; R. G. Hubbard, representing the Hancock County Board of Supervisors and Mayor Warren Carver.

PMA Officials To Meet Oct. 13

Community committeemen named in all communities last month in the annual PMA elections will meet October 13 and 14 at Kiln Vocational Agricultural High School for detailed instruction in the "farm-by-farm," "first-things-first" conservation procedure to be followed in 1953 by Fitzhugh Lee, chairman of the Hancock County PMA Committee.

The first day of instruction will be devoted to an explanation of the objectives of the 1953 PMA Agricultural Conservation Program and a discussion of the most-needed practices in this county. The second day will be used to give instruction in planning conservation practices and to make actual visits to several farms to receive on-the-spot training.

A similar school will be conducted in every county of the State, Chairman Lee said. He explained that all county PMA committees received instructions on holding such "schools" at district meetings.

After the district sessions, each PMA county committee met to study government-approved conservation practices and determine those most applicable to advancing soil and water conservation in its own county. Invited to assist in such selections were local representatives of all farm agencies and PMA community committeemen. Practices selected at such a conference in Hancock County are the ones which will be explained at the training school on October 13 and 14.

The training school will be followed by farm-to-farm visits by community committeemen of neighborhoods conducting the annual sign-up. To permit advance planning of the work-load, and thereby assure completion of more projects in 1953, the deadline for signing ACP intentions sheets for the new year has been advanced to December 1.

On his visit to the farms assigned him in his own community, the individual community committeemen will be prepared to assist each farmer in determining what is most needed on his place to conserve and improve his land and the ACP can best be used to meet such needs. Each farm operator and the committeemen will review the farm field by field. By pin-pointing ACP assistance on the most needed practices more conservation is expected to meet the growing demands of the nation.

Under the 1953 ACP plan, he said, each farmer will be encouraged to carry out all needed conservation practices but Government assistance will be directed to those key operations which in the long run will be most effective in assuring continuing and increased production from each dollar of program funds expended, Lee declared.

Lester Jerome Green, 24, old son of Mr. and Mrs. B. Green of Lakeshore, died Sunday, October 5, at 3:30 p. m. in Veterans hospital, Biloxi, as a result of injuries received in an automobile accident Friday.

According to father, Blackwell and Cecil Green, investigating officers for accidents which occurred on a half-mile area on U.S. Highway 90, west of Bay St. Louis, Green was driving west on Highway, a mile west of the city at 3:30 a. m. when his 1948 Packard sedan was struck by an automobile accident Friday.

Damages, they stated, were \$1,000 to Green's auto and \$500 to the truck.

In the other accident, Richard L. Donnon, Keesler Air Force Base, was also taken to the Biloxi hospital for treatment of a cut of the right eyelid.

Donnon was riding in a 1948 Cadillac, driven by John Edward Zinner, Keesler Field, when it was in collision with a 1951 Packard driven by William W. Green, New Orleans. The Cadillac sustained \$800 damage and the Packard had \$180. The crash happened at 8:50 a. m. on a half mile west of Bay St. Louis.

Green, who was taken to the VA hospital by Father's ambulance, suffered a broken left arm, broken left leg, possible head injuries and internal hemorrhage.

Green served from 1945 to 1949 in the Air Transport command and was employed, before his death, as an attendant at the Gulfport VA hospital.

Funeral services, in charge of McDonald Funeral Home, were held from St. John's Catholic church, Lakeshore, Wednesday, October 8, at 3:00 p. m. with military services conducted by the Clement E. Bontemps Post 118 American Legion, at Bay St. Louis. Interment was in the shore cemetery.

In addition to his parents, he is survived by his widow, Mrs. Anna Mae Green, and two sons, Lester, 19, 11 months, and Benjamin, 3 months; 3 brothers, Elroy, Malcolm and Marion; Green; four sisters, Mrs. Raymond LaFontaine, Mrs. Milton Stoufflet, Mrs. Monroe LaFontaine and Mrs. Eugene Jackson.

According to Constable Nolan Kingston and City Officer Roland Cuevas, LaBelle has been summoned to appear in Court November 4.

Rocks Defeat Moss Point 7-6

St. Stanislaus campus is booming with activity and expectation—all in view of the forthcoming football classic between Eagles' undefeated Maroon Tide and the college's own Rockchaws.

Boasting of a fleet set of running backs, including Jimmy Ross, Lynwood Vaughn, Glen Watts and Dallas Whitfield, Eagles' Maroon Tide is preparing for what might be to a crucial test for Coach E. S. Jenkins' gambles. With a forward wall matching the backfield's speed and experience, the Tide is sure to enter the game as a heavy favorite.

Stanislaus on the other hand, barring injuries, will also be in the peak of condition for the tilt. With speedy Alton Perrelli and hard driving Bobby Falgout and Curtis Simon, aided by the passing combination of quarterback John Caruso and end T. J. Gabb, all of whom were outstanding in last week's game with Moss Point, Coach Farley Day is sure to have his squad "up" for this important contest. Being underdogs is no new role for the Rocks, who last week rolled back into the wind column by edging the heavy-favored Moss Point Tigers 7-6.

protect the value of a dollar. We must take inventory of ourselves and quit looking to the Federal Government for assistance. The money coming out of Washington is coming out of your pockets. Otho Rester, chairman of the Hancock County Farm Bureau explained benefits derived from membership in the organization and he introduced B. Smith, District Agent for Farm Bureau of Hattiesburg who explained the Financial Reserve Law.

Mr. Colmer was introduced by State Representative Walter Phillips. The Farm Bureau membership drive has started, and an office in the Chamber of Commerce in Picayune to handle insurance policies for members. Phillips said that he was planning to take advantage of the special rates.

Colmer Tells Farm Bureau "Russia Does Not Want Peace"

"Hancock County could be one of the outstanding agricultural counties of the South," Mr. Colmer continued.

As chairman of the Postwar Policy Committee in 1945, Mr. Colmer was the first member of Congress who agitated a firm policy in dealing with Russia, when he stated that "Russia only understands the language of force and positive dealings. Russia neither wants war nor peace." He tried to sell this to the president and other government officials who believed that pacifying the USSR was the only policy to be continued.

"Russia has set out to bleed the United States economically, to destroy all of our resources and in the chaos take over," Mr. Colmer, who is entering his 20th year as Congressman of the sixth district, stated.

According to the speaker, since 1945 over 600 million people have been taken behind the Iron Curtain and not one gun has been fired to do this. The Russians used confusion and chaos, pit one class against the other, destroyed the economy and used the policy of divide and conquer before taking over.

In telling of a conversation with General Eisenhower about the Communists several years ago, Mr. Colmer quoted the General's statement: "A hungry belly doesn't care much what type of government it lives under." The Communists, a minority group, are the best organized group in existence.

Regarding the Korean situation, Mr. Colmer said, "the United States will have to act or else become the next victim of the Russian system. We have been negotiating a peace for the past year."

ment it lives under." The Communists, a minority group, are the best organized group in existence.

Regarding the Korean situation, Mr. Colmer said, "the United States will have to act or else become the next victim of the Russian system. We have been negotiating a peace for the past year."

In an address to Congress last year, around the time that Malik was talking terms of peace, Mr. Colmer told them that Russia was only playing for time and that they did not want a truce because they did not want peace.

Our casualties in Korea are more today than they were for the same period of time during World War II, the speaker added.

In March, 1949, in an armed services speech, Mr. Colmer pleaded for calling Russia's hand in the Korean situation; he stated that Russia is pulling the strings and the North Korean and Chinese puppets are doing her bidding.

"The State Department has taken the position that we cannot oppose Russia because we will have World War III; we cannot avoid a war of attrition. Russia knows she cannot defeat the United States and her allies.

United Gas Contribution Adds 50 Per Cent To State Fair Prizes In All Junior Classes

J. M. Dean, Executive Secretary of the Mississippi Agricultural and Industrial Exposition Commission, and J. D. Davis, Jackson District manager of United Gas production and transmission properties, discuss the United Gas contribution which adds 50 per cent to the cash prizes in all junior classes at the Mississippi State Fair to be held in Jackson, October 6-11, 1952.

JACKSON, MISS.—United Gas will add 50 per cent in cash to all prizes offered by the Mississippi Agricultural and Industrial Exposition in junior classes at the 1952 Mississippi State Fair, declared J. D. Davis, district manager for United Gas production and transmission facilities here in announcing the continuation of the company's program to encourage the development of good citizenship and leadership qualities in the youth of Mississippi.

For six years, the United Gas companies have sponsored jointly with the Mississippi Extension Service a Junior Leadership competition among the state's 4-H Club members. Winners in this competition have been awarded expense-paid trips to Junior Leadership Training Conferences at 4-H Training Centers in Mississippi, to the State 4-H Congress at State College, Miss., to the National 4-H Club Camp in Washington, D. C., and to the National 4-H Congress in Chicago.

1952 marks the third year that United Gas has contributed to the junior class prizes at the Mississippi State Fair. In adding 50 per cent to the cash premiums offered winners in the junior classes at the Mississippi Agricultural and Industrial Exposition each year, United Gas believes it can substantially increase the incentive of Mississippi farm youths and thereby benefit the whole of this state's agricultural economy.

James A. Roberts Of United Gas Promoted And Moved To Jackson

JACKSON, MISS.—(Special.) James Allan Roberts of the United Gas Pipe Line Company has been promoted and transferred to the Industrial Sales Department of the Jackson District, J. D. Davis, District Manager of United Gas production and transmission facilities announced today.

In his new position, Roberts' duties will take him into all areas of the Jackson District, which consists of Mississippi, Southwest Alabama, Northwest Florida and the Southeastern section of Louisiana. Roberts was first employed by United Gas in June 1937 on construction assignments. He subsequently worked as a field dispatcher in Louisiana and as a district office dispatcher in Houston and San Antonio, Texas. He held the position of station attendant at Austin, Texas, while attending classes at the University of Texas, and upon his graduation was transferred to Jackson, Miss.

Roberts served with the U. S. Army Air Corps during World War II, spending 18 months in the Pacific Theater of Operations. He was born in Anderson, Texas, on December 11, 1915, and received his education in Louisiana schools and at the University of Texas.

Roberts and his wife, the former Vera Ramblin, now make their home at 3511 North State Street in Jackson, Miss.

Honored at Luncheon

Miss Barbara Ann Burrow, a bride-elect of this month, was honored at a luncheon Wednesday, October 8, given by Mrs. Frank Kiefer at her home on Carroll avenue.

Miss Burrow was presented a corsage of white flowers by the hostess.

The table was centered with a white cake made in the form of a bride, and the place cards were small pink cakes in the form of bridesmaids.

Attending were the honoree's grandmother, Mrs. Edwin, Mrs. J. E. Erwin, Mrs. Graham Jory, Mrs. Pete LaFontaine, Mrs. P. E. Porter Sr., Misses Carol Turner, Temple Perkins, Peggy DeHaan, Clara Pucheu, Karen Kergosien, Beverly Banderet and Lyndell Heitzmann.

Brother of Mrs. Carver Dies In Jackson Friday

Mrs. Warren Carver of Bay St. Louis received news last week of the death of her brother, J. D. Samson in Jackson, Friday, October 3.

Burial was in Jackson Monday. Mr. Samson survived by his mother, Mrs. P. W. Samson Sr., three brothers and his sister.

Get Ready For Halloween

Getting ready, kids for the Community Halloween party? It is going to be sponsored by the local Lions Club and a great deal of fun, along with a nice program is in store for all.

Further announcement will be made next week. In the meantime, get your thinking caps on and plan that witch, hobgoblin, or spook costume that you will be wearing.

Place your orders early for All Saints Day. Lorraine Flower Shop - Coast's Leading Florist.

Mrs. Rose Sellier of Detroit, Michigan and Miss Mildred Costa of Delisle, Miss., spent last week with Mr. and Mrs. Robert L. Genie and family.

Are you ready to give your blood? The Mobile Blood Bank Unit will be in Bay St. Louis Tuesday, October 28, from 12:00 to 6:00 p. m. at the Youth Center on Ulman avenue. Give your blood to save a life in Korea.

During the week beginning Monday, September 29, and continuing for several weeks there will be a radio program once a week over most of the radio stations of the state explaining in detail the Public Welfare Program of Mississippi. Most of the 43 radio stations of the state have very kindly consented to co-operate in this effort to get this information to the people so that the taxpayers on the one hand and those receiving assistance, or hoping to receive it, on the other hand may have a better idea of what the Public Welfare Program really is and is intended to do. Those interested in hearing these programs should check with their County Welfare Agent or Manager of the radio station to which they listen.

Ossian Hall Reopened To The Public

"OSSIAN HALL," Pass Christian's historical Mansion, now made available to Visitors.

Historical "OSSIAN HALL," set back from the sunny shores of picturesque Pass Christian, and linked with many famed Louisiana names, in its existence of one hundred years, is now opened to visitors through its owners, Col. and Mrs. Hubert DeBen, of social and civic prominence, New Orleans, and the Gulf Coast.

Writers and photographers have spread the wonders of the Mississippi Gulf Coast and Pass Christian, far and wide; surely, "OSSIAN HALL" will be a legendary treat to the pen of one and all. This historic mansion respects no season, but is open to the stream of visitors who haunt our sunny south from 9 a. m. to 5 p. m. daily.

"Ossian Hall" was built one hundred years ago, by Seth Guion of Louisiana. He began the two-story roomy residence in 1830 choosing the most carefully selected of all heart pine for its durability. (Then transportation to Pass Christian' was by

boat, and supplies of beefs and poultry and fruits for this table, would come down from New Orleans.) It was here that the famous, lovely, red-head screen actress, MARGUERITE CLARK, made "OSSIAN HALL" the picture "Come out of the Kitchen." Col. and Mrs. Hubert DeBen of New Orleans purchased the home and Mrs. DeBen's dream of restoring it to its original elegance and its dignified mansion, is found today in "OSSIAN HALL"—a rare thing of beauty—a joy forever to the eyes of the visitor.

"Melanie" (Mrs. DeBen) the charming and gracious mistress of "OSSIAN HALL" seems like a story-book ending for this famed residence. Petite, vivacious, with never-ending energy and the ability to do things to perfection, "Melanie" has taken "Ossian Hall" and restored it to beautiful, rich, enchanting being. Greek, Italian and French mantles take the eye of the visitor as you are welcomed from the beautiful shining porch of "Ossian Hall" into the entrance of the dignified old mansion.

Bay High Chatter

The Bay High Tigers, after tasing defeat by Long Beach, came back last Friday and won a thrilling hard fought 23 to 20 victory over the Pass Hi Pirates.

From a spectator's viewpoint, the game had a little bit of everything. Bay Hi kicked off to Pass and held them for downs. Bill Corr returned a Pass punt to the Bay Hi 40 yard line and from that point drove to the Pass three yard line where the Pirates put up a stiff defense and took over on downs.

After two plays and a loss of one yard, Pass's attempted punt was blocked by Kent Seltzer and rolled out of the end zone for a safety and two points. Pass kicked from the 20 and with Favre, Landers, Corr, and Poillon alternating in the backfield, the Tigers drove 65 yards for a touchdown. Billy James made the point on a quarterback sneak.

The Tigers kicked off to Pass; and Pirate Halfback, N. Necaise,

ran the ball back 90 yards for a touchdown. Pass kicked the extra point.

In the second half Corr and Poillon combined their running prowess, and each drove across a touchdown with Poillon going over in the final two minutes with the clincher.

The Pirates who took to the air in the second half were leading the Tigers 20 to 16 with four minutes to play. It was at this point where Rupert Breland tackled one of the Pass High ball carriers, and two plays later H.

Poillon, who was suffering with acute tonsillitis, carried the ball over from the 10 yard stripe.

Terrell Randolph followed Grannison Seltzer over the extra point.

Final score—May Hi 23, Pass Hi 20.

Dr. Charles Durkee, head of the Department of Psychology at Mississippi Southern College, and two of his associates came to Bay St. Louis, September 30 and October 1 to give examinations to children applying for admission to the

class for handicapped children.

Dr. Durkee is head of the Screening Committee for the State Department of Education for Special Education Classes. Dr. C. M. Shipp, Hancock County Health Department gave the physical examination to these students. Seventeen children were examined.

The three lunchrooms in the public schools of Bay St. Louis have been in operation for the past month and are serving more children than they did during the last session. The summary of last year's report for the three lunchrooms is as follows:

Fortyfour thousand one hundred and five lunches were served

in the three lunchrooms. Seven thousand and fifty-four lunches were served to children recommended by Welfare and Red Cross as being in need of free lunches. The total operation of the three lunchrooms for the session '51-'52 amounted to \$8,616.32. Five thousand seven hundred forty dollars and forty-eight cents were paid by the state under the state lunchroom program. The remainder was paid by students at the rate of 15 cents per lunch. Forty-four thousand one hundred and five pints of milk were served to the children in the three lunchrooms. Each child was given a half pint of milk with each lunch served in the lunchroom. The number being served this month indicates that these figures would be much larger for the present session than for the session of '51-'52. The purpose of the lunchroom program in Mississippi is to provide every school child with an opportunity of having one hot meal each school day at a minimum expense. This accomplishment is made possible by the furnishing of commodities from the U. S. Department of Agriculture. It is enabling us to provide a well-balanced meal at a cost of 15 cents per student.

There was much confusion on October 2 when the seniors ordered their class rings. They ordered the Black Knight, a small round ring, either plain or with a spinelle stone. The order was mailed October 7, and they are hoping to have their ring s by Christmas.

Larry Gilson from Summer-ville, Mississippi, has joined Miss Ming's fourth grade class.

The pupils of Miss Russ's fifth grade are sending cards to be sent overseas on United Nations Day.

Miss Winter's sixth grade will present a play entitled, "A Joke on the Wolf," as their assembly program Friday morning, October 10, at 9:45. Taking part in the play are: Jimmy Davis, Charles Byrd, James Carter, Allie Cospolich, Joy Poyodou, Beverly Schind-

ler and Judy Rauxet. Doris Estapa will announce the program.

County Agent's Notes

Protect Sweetpotatoes For High Prices

By HOWARD SIMMONS

SWEETPOTATOES
Sweetpotato growers should take full advantage of abnormally high prices this fall by practicing recommended methods of digging, handling, grading, curing and storing.

Small Salvage!

THOUGH you may save some easy-to-remove possessions before a fire drives you out, chances are you don't save very much.

Don't gamble your hard-earned personal property dollars. Count up today's value of what's inside your house. Then call on us for adequate insurance!

Yellow Pages

To avoid danger of cold injury, Hancock County growers should harvest their crop before November 20. Sweetpotatoes dug in warm weather when the soil is reasonably dry are more easily harvested, graded and cured.

A large turning plow is the best implement to use when digging sweetpotatoes. This should preferably be a 16 inch tractor drawn plow. The equipment should include rolling cutters set far enough to one side to prevent cutting the potatoes.

Smaller horse-drawn turning plows 10 to 12 inch size, are preferable to middle busters for use in digging sweetpotatoes. It is usually necessary to "bar-off" one side of the bed before plowing out sweetpotatoes with smaller plows.

A rolling cutter can be used to cut the vines on one side only; a home-made sled vine cutter can be used.

Handle sweetpotatoes carefully and as little as possible after digging. Sort and field grade as quickly as possible. Those to be stored should be placed immediately in storage crates. Don't fill the crates too full. Fill to within one inch of the top and handle carefully when loading into trucks or stacking in storage houses.

Farmers who own storage houses are reminded that cleanliness is important for best results. Houses and crates should be cleaned, disinfected and repaired before storing the new crop.

True-to-type Certified Unit one Porto Rico seed will be in strong demand next spring. Certified growers should hold large quantities to market as seed. Handle and store seed potatoes as carefully as possible.

Growers with disease-free sweetpotatoes of uniform type should store an adequate supply of seed for their next season crop. Potatoes grown from vine cuttings

are less likely to be diseased and are preferable to use for seed.

PASTURES
What to do in October. Plant clovers and legumes; top dress pastures and top dress and nitrate established fescue; finish planting winter grazing areas; sow or drill rye grass in clover areas.

Drill oats or wheat on old sod land and put out nitrate at the same time; sow crimson clover on sod or on oat or rye grass areas; disk up areas where crimson is to volunteer back.

Grazed down areas where crimson and ryegrass or winter peas are to volunteer back; graze out all field areas following crop harvest.

SOYBEANS
Do not wait too long before harvesting soybeans. Make sure that the beans are fully mature and dry; however, do not wait until the beans get so dry that they shatter.

After combining soybeans, either take them to the elevator where they can be kept cooled or put them in a bin and stir frequently to prevent heating.

Make sure that your combine is set according to manufacturers instructions for soybeans. Remember, cracked beans lower the grade and mean less money.

HOME AGENT NOTES

by: Miss Sarah Weaver, Home Agent

"Fixing up" a room in the home for recreation space can be lots of fun and offer a space for lots of family fun. It can usually be done without too much trouble and very little expense in most homes, too.

Perhaps you have an unused fire place in the kitchen. Open it up, dress up some discarded old chairs, slip cover that old couch, refinish an old table - and there you have the makings of a cozy space for family fun.

If your family is one of the many that likes to eat in the kitchen in winter, maybe you can use the dining room as a play space for games, popping corn, or playing ping pong.

Basement rooms have also been made into wonderful play rooms. Some families have used their garages for shuffleboard, basketball and other active games.

Look around your home and see if you can't furnish a play room, with the things you find around "loose." The family that plans together a place where its members can play together in winter is making its home attractive to the young folks and, satisfying to the whole family.

All it takes are a few ideas, a little work and a light-hearted approach, and you're all set for a winter of family enjoyment.

PINE PANELING
Many people are asking what to do to their pine paneling to keep it from turning dark. Paneling walls so beautiful and natural to begin with, gradually deepen in color. Within five years they are much darker and in 10 years they really become a problem.

The usual methods of finishing pine paneling with varnish or shellac do not prevent darkening. In fact, they probably hasten the natural darkening process. The best cure is prevention. And about the only preventative is to use a pickling finish. Instead of using varnish or shellac, paint with a rubber base. Then rub it well into the pores or grain of the wood, around knots and in crevices. Rub off on the smooth surface.

This method does not hide the wood; in fact, it enhances it as well as helps to keep it light.

4-H ACHIEVEMENT DAY
November 8th will be National 4-H Club Achievement Day in Hancock County, in Mississippi and throughout the Nation.

Usually in the fall we have National Achievement Week to recognize and honor the accomplishments of 4-H Club members. This year the 4-H year will be climaxed with one day of parades, banquets and other special events.

The number of years you can get from a pair of shoes depends on many things. The quality of materials that go into the making has much to do with how durable the shoes are. But, the shape of shoes, particularly women's shoes, can have more than materials to do with the length of time the shoes can be worn.

Heels cause shoe to weaken in the arch. Toe of narrower width than the spread of the feet can cause shoes to spread out through the ball of the foot. This stretches the leather and may cause stitches to break.

Avoid leathers that are non-porous. They prevent evaporation and sometimes irritate the feet. Select substantial materials that are soft and pliable. The durability of hie shoe is influenced by the weight and flexibility of the sole and the way in which the leather has been treated.

Honored on Birthday

Ralph Blaize, Sr., was honored at a family get-together Sunday, October 5, on the occasion of his 78th birthday.

Attending were Mrs. Blaize, his children, Mrs. A. G. Favre, Mrs. Leonie Monti, Miss Rosemary Leslie Blaize, New Orleans; his Jr., Algiers; Mr. and Mrs. Edmund A. Blaize, Mr. and Mrs. Osmond Blaize and Mr. and Mrs. Leslie Blaize, New Orleans; his 23 grandchildren; three great grandchildren; Mrs. W. E. Saucier, Miss Alice Necaise, Aline Saucier, Mrs. Shirley Saucier Turcotte, Mrs. Camille Casanova and Aline Johnston.

—Mr. and Mrs. R. S. Blaize Jr. and son of Algiers, La., spent Sunday with Mr. Blaize's parents.

—Miss Carol Mossey of New Orleans was the week-end guest of Mrs. Mary Lou Scalfie at the home of her parents, Mr. and Mrs. J. C. Scalfie.

"All Right...I'll Tell You

WHY I AM A CATHOLIC"

You may have heard that your neighbor is a Catholic because his father was. Perhaps you believe that ignorance, superstition and fear keep him loyal to his Faith.

But your common sense should tell you that these are NOT the reasons...that there MUST be something deep and vital and certain about a Faith which can hold the devoted loyalty of nearly 400 millions of people of every race and tongue on earth.

Not every Catholic can explain the reasons for his deep conviction in a way that you would understand. For the sake of God the touches a man's soul...and the will ingness to believe that moves his heart...are elements of faith which cannot be readily reduced to logic and reason, nor easily explained.

But there are practical and common-sense reasons why so many millions of people are Catholics. And they are such convincing reasons that a young Catholic lawyer, with all the analytical exactness of his profession, has been moved to publish them in a booklet explaining "Why I Am A Catholic."

The Catholic system of thought, he says, provides him with reasonable and consistent answers to the basic questions which trouble mankind. He finds it reasonable to believe, as the Church teaches, that man has a physical body and a rational soul...that man and his world were created by God...that man lives primarily "to return to God by saving his soul through love of God and his neighbor."

With these principles to guide him, the Catholic finds it both logical and necessary to fulfill his obligations to other men...to obey the civil laws...and to labor for the improvement of society as well as personal gain. For him, the basic principles of democratic freedom are not merely a political code of ethics but a fundamental part of his religion. Human rights, the right of private property, and government with the consent of the people, are essentials of Catholic philosophy of life.

Communism, the lawyer says, is a deadly menace to the world because the solutions it offers men's problems, though definite, are false and often hideous. Catholicism alone, he adds, offers answers equally as definite and forceful, and backed up by an equality and zeal.

"Catholicism," he continues, "gives me confidence and courage to face the present and the future...the confidence of one who has a map upon which the path to round, secure and peaceful future is well outlined; the courage of one who knows that the guide has behind him the experience of 2,000 years, the viewpoint of the world itself, and the devotion of countless millions. I am a Catholic because I would be foolish not to be."

A timely pamphlet in which a Catholic lawyer examines the light of Catholic teaching, important questions of the day—religious questions of the individual—family questions about marriage, divorce, birth control, and sex in relation to the law of God—social and economic questions that everyone is talking about. MANY MORE MILLIONS INVESTED IN GAS SERVICE

Dependable natural gas service doesn't just happen. It takes a lot of manpower, and a lot of money, to keep a supply of gas at your burner tips, ready for use at any time you need it.

During 1951 and 1952 our company has invested many millions of dollars in the construction of some 1700 miles of pipe lines, eight new or enlarged compressor stations, eleven dehydration plants and other facilities... to be sure our customers, both present and future, will have dependable supplies of this world's finest fuel. We think you will agree the growth of the progressive natural gas industry has had an important part in the progress of the Gulf South.

UNITED GAS SERVING THE *Gulf South*

To Stage Benefit Skeet, Trap Shoot

F. J. Gautier, President, Edward Bellman, Vice-president, J. C. Elder, secretary and Wilfred Gautier, treasurer, and members of the Biloxi Hunting and Fishing Association are busy working for the First Annual Mississippi State Conservation League Benefit Skeet and Trap Shoot to be staged in Jackson on November 1 and 2.

The main purpose of the shoot is to raise funds for a Full Time Paid Executive Secretary for the State League, its greatest and most imperative need now, and the local league or association affiliated with the State League and with the National Wildlife League.

There are sixty local leagues and sportsmen clubs in the State and many of the others are also working on the shoot. The annual meeting of the state league will be held in Jackson on October 10, at the Waltham Hotel. Plans for the shoot will be discussed, as well as other business.

The shoot will consist of 100 targets in Skeet and 100 in Trap. The greatest trick shot, Herb Parsons, will be on hand. He will be using a .300 Winchester Remington-Union Arms Co. rifle as he will not use a .300 Winchester. There will be no admission charge and the public is invited to attend free. All hunters and sportsmen are urged to attend and to participate in the events. Personal appearance is through courtesy of Winchester Repeating Arms Co., and Western Cartridge Co., at no cost to the State League.

There will be door prizes, shooting prizes, and a good time for all. Many of the best Skeet and Trap shooters of the Mid-South will take part. This will be your opportunity to see these fine shooters in action, in addition to Herb Parsons. The shooting prizes will be awarded to the best shooter. The winners will be given a trophy and a check for the amount of their prize.

The shoot is being sponsored by the Capitol Gun Club of Jackson and the events will be held under the club supervision, assuring everyone a square deal, and a successful shoot. This same club staged the Ducks Unlimited Benefit Shoot last spring, and the sportsmen are still talking about that one. President T. W. Sampson of the Gun Club says: "If everyone will do just a little work, then much will have been accomplished in the end. Most all Skeet and Trap Shooters are conservationists at heart and they are all co-operating to help make this shoot a success. I hope the State League can get a full time secretary so they can further their wonderful work."

President of the State League, Charles G. Grant of Vicksburg says: "Each of us does all he can, but we all have to attend our own affairs and just cannot devote the necessary time to the Conservation work needed. With a full time paid executive secretary we can help consolidate the efforts of the local clubs and make their work count for so much more. We can help with legislative problems dealing with game and fish; we can do much to restore turkey hunting; quail, squirrels, etc. We can co-operate better with the State Game and Fish Commission. There is so much to be done. We hope this shoot will enable us to put on this secretary."

Further information may be secured by calling or writing F. J. Gautier, Box 115, Biloxi, Miss. or any of the other officers of the Biloxi Association.

Prizes consist of a 10 hp Johnson Outboard Motor; a 12 gauge Winchester Shotgun; a 12 gauge Remington Shotgun; and a 22 rifle by Winchester and one by Remington. Other prizes will be added and their total value kept in relation to the sale of the tickets.

All sportsmen are urged to mark these dates on their calendars.

63 Killed On Mississippi Streets, Highways in Sept.

Incomplete records received from the Accident Records Bureau of the Mississippi Highway Safety Patrol show 63 persons were killed in traffic accidents on Mississippi streets and highways for the month of September.

This type of control announced by the National Office of Price Stabilization is called Community Pricing. Under the program the OPS has collected data on the wholesale selling prices and applied to these prices which are the retailers' costs, the markup provided by the applicable price control regulations. The prices resulting from these calculations are the retailers' ceiling prices.

In Mississippi the ceiling posters are on display in retail grocery stores in all of the following forty-four counties: Adams, Amite, Attala, Bolivar, Carroll, Choctaw, Claiborne, Clarke, Clay, Copiah, Covington, Franklin, Forrest, Greene, Hinds, Holmes, Humphreys, Issaquena, Jasper, Jefferson, Jefferson Davis, Jones, Kemper, Lamar, Lauderdale, Lawrence, Leake, Leflore, Lincoln, Lowndes, Madison, Marion, Montgomery, Neshoba, Newton, Noxubee, Oktibeha, Perry, Pike, Rankin, Scott, Sharkey, Simpson, Smith, Sunflower, Tipton, Warren, Washington, Wayne, Webster, Wilkerson, Winston, and Yazoo.

All ceiling prices posted became effective September 29, 1952. These ceiling prices have been printed on a poster which must be displayed in every retail grocery store in the area. In order to provide for market fluctuations up or down, these posters will be corrected weekly by printed amendments which must also be displayed with the poster. All posted items cannot be placed on the poster. On such items not shown on the poster the retailer will continue to calculate his ceiling prices under the appropriate regulation.

This community Pricing Program is not designed to bring prices down but to establish a clearer understanding of just what the ceiling prices are in dollars and cents. It will relieve the retailers of much time spent in mathematical calculation of their ceiling prices and will show the consumers the exact ceiling price of a large number of food items which they buy. This should result in much better understanding all around and much better trade relations between the grocer and his customers.

For certain technical reasons it was not possible to include the other twenty-eight counties of the state in a Community Pricing area at this time, Mr. May said. However, he pointed out, retail grocery stores in these counties will be covered by the Community Pricing Order and a poster issued for those remaining counties as soon as possible, meanwhile the retail grocer in those counties will continue to calculate their ceiling prices under the terms of the applicable OPS regulations just as they have been doing in the past months.

Continuing, Mr. May said, "There will be no fresh, canned or frozen fruits or vegetables listed on the ceiling-price charts. Fresh and processed fruits and vegetables are exempt from price control by order of Congress and therefore cannot be community priced. These foods represent 21 per cent of the family food costs."

Miss Udell Favre spent several days in New Orleans this week undergoing a medical check-up. Howard F. Simmons, P. D. Houston, Carl Shaw, Robert Shaw Jr., and Frank Shaw returned this weekend from Tupelo, Miss., where they attended a cattle sale.

Colonel T. B. Birdsong, Commissioner of Public Safety, stated today, "We just completed a special training course for 20 or more of our officers in working of and operating the Radar Speedometer. These men were trained by specialists at Keesler Field."

Says Birdsong further, "We have been waiting the public now with one of these machines for approximately 18 months. Over 25,000 persons have been checked by this machine and warned. Beginning October 1, these machines will be used in each district on a statewide basis and for the month of October, all persons checked will be given warning tickets, which read as follows:

MISSISSIPPI
HIGHWAY SAFETY PATROL
WARNING

You have just been checked by a Radar speedometer. Your speed was _____ miles per hour. The speed limit for this zone is _____ miles per hour. Speed is a contributing factor in 75% of all fatal accidents.

SLOW DOWN AND LIVE LONGER!
THE LIFE YOU SAVE MAY BE YOUR OWN!

Actual enforcement with Radar to catch speeders in Mississippi will begin on a statewide basis November 1. Accident records at the Patrol Office show that excessive speed is a contributing factor in at least 75% of all accidents. Speed is also the Number One killer on our highways. Over fifty persons have died from accidents on Mississippi streets and highways in 27 days of September. Speed was the contributing factor in all of these. Numerous tests have been made with calibrated speedometers to determine the accuracy of the Radar Speedometer and these tests have proven beyond a doubt that the machines are correct. In fact, they are far more accurate than most car speedometers. The Speed Limit is 60 miles per hour for cars, 55 for buses and 45 for trucks, unless otherwise posted.

Birdsong continued, "This is in line with a continued stepped-up enforcement policy of the Patrol. WE ARE NOT trying to slip up on anyone. But the speeding on Mississippi highways must be reduced now. We urge all drivers to slow down before being forced."

Colonel Birdsong further states, "We will warn on a state wide uniform policy basis for the month of October, and beginning November 1, and from then on, we will be doing our best to apprehend all speeders. We prefer to see the motorists voluntarily comply with the laws, rather than take enforcement action; however, some drivers have no regard for the safety of others and will have to be made to respect the rights of others through such enforcement. SLOW DOWN NOW!"

OIL AND GAS GROUP SCHEDULES OCTOBER MEETING IN BILOXI

Jackson, Miss. (Special)—The Mississippi-Alabama Division of Mid-Continent Oil and Gas Association, will hold its eighth annual meeting at Biloxi's Buena Vista Hotel on October 31 and November 1, according to an announcement made here by E. D. Kenna, Executive President of the Association.

The membership of this group consists of major companies and independent producers operating in Mississippi, together with a number of bankers, suppliers and others who, although not directly identified with the Oil and Gas Industry, have a definite interest in its development. Members of the Mississippi-Alabama Division of the Mid-Continent Oil and Gas Association are responsible for 95 per cent of the industry's activity in Mississippi.

Mississippi-Alabama Division's President E. B. McGehee, an independent operator of Jackson, will preside at the business session of the annual meeting.

The principal speakers will be J. Ed Warren, Deputy Administrator, Petroleum Administration for Defense, and immediate past president of the Independent Petroleum Association of America, and William T. Payne, President of the Mid-Continent Oil and Gas Association, member of the Board of the American Petroleum Institute, and a member of the National Petroleum Council.

CARD OF THANKS

In observing National Newspaper Week, October 1-8, 1952, the Supreme Forest Woodmen Circle, Grove No. 187 Pine, Bay St. Louis, Miss., wants to take this means of expressing their appreciation and congratulate you, the Editor and your splendid staff. We feel it's important for Woodmen Circle Members to become acquainted with and recognize the service rendered our community by your newspaper which has done so much toward keeping the public aware of our progress and activities and, even more important, through vigilant freedom of the press, are keeping alive our right to know—a constitutional guarantee.

Pres. Mrs. Anna Palmisano

Ansley-Raymond Nuptials Held

At a quiet ceremony Saturday, October 4, at 9:00 a. m. at Our Lady of the Gulf Catholic Church, Miss Mary Lynn Raymond, daughter of Mr. and Mrs. Lucien Henry Raymond Jr., of Bay St. Louis, became the bride of James Ivan Ansley, son of Mr. and Mrs. Martin Luther Ansley, also of Bay St. Louis.

Rt. Rev. Msgr. A. J. Gmeled performed the double ring ceremony before the altar which was decorated with white gladiolus, pom-pom chrysanthemums, asters and ferns.

During the ceremony, Mrs. Scott T. Assenheimer sang Schubert's "Ave Maria" and Cesar Franck's "Panis Angelicus."

Given in marriage by her father, the bride wore a fine tulle gown with a long train and a full-length veil. The form fitting bodice which was buttoned to the waist, had three-quarter length sleeves ending in a cuff. The ankle-length skirt, which was open in the front, had an under skirt of ivory nylon net. She wore navy blue shoes and a small navy hat with a nose veil. She carried a crescent bouquet of carnations and ribbon streamers.

Miss Dorothy Garcia of Bay St. Louis was the bride's only attendant. She wore an aquamarine net dress made with an off-the-shoulder bodice and a full-length skirt. She wore a small gray hat and gray shoes. She carried a crescent bouquet of pink carnations with aqua ribbon streamers.

Walter Steele Ansley of Port Sulphur La., served his brother as best man.

A wedding breakfast for the immediate members of both families was held at Hotel Reed, following the ceremony. The bride and groom were assisted in receiving by Mrs. Raymond who wore a navy blue dress with a corsage of white roses, and Mrs. Ansley who was attired in a black dress trimmed with melon. She also wore a corsage of white roses.

Following their return from a wedding trip through Tennessee, the couple will be at home at 308 Carroll avenue. For traveling the bride wore a navy blue winter cotton suit with a velvet hat and navy accessories. Her corsage was of white carnations.

The bride, a graduate of St. Joseph Academy, New Orleans, in the class of 1948, is employed by Coast Electric Power Association.

The bridegroom, who was graduated from Bay High in 1942 attended Mississippi State College for three years prior to entering the U. S. Air Force for three years service. He is a member of the firm of Weston and Ansley, surveyors.

Out of town guests were: Miss Myrtle Ansley, Phoenix, Arizona; Mr. and Mrs. W. S. Hoover, Miss Mona Ansley, Mrs. C. T. Kenney, Miss Ruth Veazey, Mrs. A. Rizzo, Mr. and Mrs. R. A. Koch, Mrs. V. Boudreaux, Sr., Mrs. Herbert Spencer, Mr. and Mrs. V. Boudreaux Jr., Mr. and Mrs. L. O. Berding, Mr. and Mrs. Cecil Maumus, Sonny Maumus, Claude Lassie, Miss June Lassie and Miss Claudette Lassie, all of New Orleans.
